

**COLLEGE OF MEDICINE
AND LIFE SCIENCES**

THE UNIVERSITY OF TOLEDO

**Senior Associate Dean for Research
The University of Toledo**

The University of Toledo College of Medicine and Life Sciences seeks an individual with an outstanding record of operational leadership, extensive knowledge of and experience with research funding, and faculty recruitment and mentoring for the Senior Associate Dean for Research. This position reports to the Dean of the College of Medicine and Life Sciences. The successful candidate must possess the minimum qualifications of an M.D. or Ph.D. degree, a distinguished record of basic science/clinical experience, research productivity and skill in managing research activities within a medical academic environment.

It is expected that the senior associate dean will provide strategic leadership; oversee all operations of research in the basic/clinical sciences; work collaboratively across the organization and affiliation; and expand the scope of research.

The senior associate dean is responsible for providing leadership toward the achievement of the highest possible level of excellence in the research missions of the College of Medicine and Life Sciences. The senior associate dean is responsible for providing a vision, and strategic direction toward growth of research and enhancement of extramural funding.

The application deadline is November 27, 2020. Applications should include a cover letter summarizing leadership, research and administrative background and a curriculum vitae.

Application materials may be submitted through CornerStone at
