

**Director, Breast Medical Oncology  
Associate Professor or Professor**

The Yale Cancer Center and Section of Medical Oncology invite applications from board-certified/board eligible medical oncologists for the leader of Breast Medical Oncology at Yale Cancer Center, Smilow Cancer Hospital, and Yale School of Medicine. We seek an individual with a proven track record of excellence and leadership in clinical program building and clinical and translational research who will be a key leader of the multidisciplinary Breast Center. Candidates should be eligible for the rank of Associate Professor or Professor level at the Yale School of Medicine. Emphasis is placed on the ability to foster interaction between laboratory and clinical investigators, advance a highly successful and robust clinical program, lead clinical trial teams, conduct high impact clinical and translational research, and mentor junior faculty and trainees. Yale values diversity in its faculty, students, and staff and strongly encourages applications from women, members of minority groups, persons with disabilities, and protected veterans. Review of applications will begin immediately and continue until the position is filled.

The executive search firm Spencer Stuart is assisting the Yale Cancer Center, Yale School of Medicine with this important search. All application materials, including CV and a letter describing qualifications or nominations can be submitted to Carol Savvas at [csavvas@spencerstuart.com](mailto:csavvas@spencerstuart.com).
