

Chair of Dermatology

The University of Texas Medical Branch (UTMB Health) is seeking a **Chair of Dermatology** to help move our highly diverse and respected team in the Houston/Galveston area to the next level. To reach our full potential, we need a collaborative leader who is both an outstanding academician and clinician with the drive and vision to expand the practice, build market presence and increase access to care. Our long-term goal includes fostering the research mission. The Department of Dermatology, the first in the state of Texas, has a long history of excellence in patient care, in the training of residents and fellows as well as the training of medical school and allied health students. Responsibilities of the Chair include the quality of the educational, scientific and clinical programs within the department as well as overall leadership and management of a team currently consisting of 11 faculty, 12 residents and 2 fellows. This oversight includes the appropriate and optimal use of human, financial, space and other resources to successfully manage the clinical, research and educational missions of the department. If you'd like to explore this opportunity for career growth in one of the fastest growing metropolitan areas in the nation, go to <https://utmb.us/3hs>.

Learn more about our Department of Dermatology at utmb.edu/dermatology or utmbhealth.com/services/dermatology/home. Contact Audrey at adtravis@utmb.edu for additional information.

Required Qualifications:

- MD or DO degree
- Eight to ten years of related experience
- Demonstrated familiarity with academic administration in a specialty field
- Demonstrative comprehensive understanding of a medical school/hospital environment
- Board certification and the ability to obtain a Texas state medical board license

UTMB Health strives to provide equal opportunity employment without regard to race, color, national origin, sex, age, religion, disability, sexual orientation, gender identity or expression, genetic information or veteran status. As a VEVRAA Federal Contractor, UTMB Health takes affirmative action to hire and advance women, minorities, protected veterans and individuals with disabilities.

About UTMB Health:

The University of Texas Medical Branch (UTMB Health) is a \$2.1 billion health science center comprised of schools of Nursing, Medicine, and Health Professions, as well as a Graduate School of Biomedical Sciences, three institutes and over 10 exceptional research centers. Located near the Texas Medical Center, the largest medical complex in the world, UTMB has a long and remarkable history of advancing health sciences education, research and patient care. It was the first academic health center in Texas and is home to the state's first schools of medicine, nursing and allied health sciences. UTMB is also home to the Galveston National Laboratory, one of only two laboratories conducting research on a university campus at the BSL-4 level in the U.S. Overall research funding has increased 20% over the past five years to \$132 million and UTMB ranks 54th nationally in NIH funding among medical schools. UTMB also ranks as a five-star hospital by Vizient, 1 of 12 of the 107 academic medical centers in the nation, for superior performance in providing high quality care. For 125 years, the university has maintained a forward-thinking spirit that has enabled it to serve its students, its patients and the people of Texas and beyond, in innovative ways. For more information, visit www.utmb.edu.

UTMB Health is located on Galveston Island along the Texas Gulf Coast. Enjoy the island life with moderate temperatures and year-round outdoor activities only 50 minutes from all the amenities that Houston has to offer! Enjoy our family culture and collaborative environment while you work, live, & play on sunny Galveston Island! Go to www.utmb.edu/utmbliving/ to find out more about Galveston and the surrounding communities.
