

Chief Medical Officer – Colley Dickinson Health Care

WittKieffer is partnering with Cooley Dickinson Health Care (CDHC) for the recruitment of their next Chief Medical Officer (CMO). CDHC, located in Northampton, MA, a beautiful, vibrant, and quickly growing area ideally located just two hours from Boston and less than three hours from New York City.

With \$250 million in net revenue, CDHC is a comprehensive community-based health system providing healthcare services for the Connecticut River Valley. CDHC includes Cooley Dickinson Hospital, a full-service 140-bed community hospital; Cooley Dickinson Medical Group; and Cooley Dickinson VNA & Hospice. CDHC employs more than 2,000 people throughout western Massachusetts. In 2013, CDHC entered into an affiliation with Massachusetts General Hospital (MGH) to ensure local access to high-quality care for CDHC patients and families. This strong and productive relationship has continued with committed support and collaboration from MGH. As of today, this MGH relationship is transitioning to include other Mass General Brigham (MGB) hospitals, as are all of the other MGH affiliated community hospitals, and CDHC will become an integral part of the MGB Community Hospital Division.

Reporting directly to the President and CEO, CDHC with a dotted line reporting relationship to the Chief Medical Officer of MGB, the CMO is a key member of the Senior Management Team of CDHC. In addition to having specific management responsibilities, the CMO serves a critical function in communicating medical staff opinions, attitudes, preferences, and needs to the Administration and the Board and communicating organization-wide activities, decisions, and policies to the medical staff.

The CMO serves as a resource to the medical staff in re-credentialing, reappointment, peer review, and quality review. The CMO is directly responsible for oversight of the following leaders and departments (either through direct supervision or supervision of the appropriate leader): Quality Department (including regulatory compliance, Infection Control, Patient Safety, Risk Management); Director of Quality; Clinical Program Development; Medical Staff Office; Service Line Medical Directors; Medical Director of CDMG, Medical Staff Recruitment; Contracted Medical Groups; Informatics; Utilization Review; and Medical Staff education/CME programming

CDHC seeks a dynamic, equity-informed, community-minded, highly-visible, and engaging leader to serve as the organization's Chief Medical Officer

Interested parties may apply or inquire via the WittKieffer Candidate Portal [here](#). All inquiries and nominations will be held in the utmost confidence. For additional information, please contact Lisa Lewis at llewis@wittkieffer.com. Thank you in advance for your time.
