

Program Director of Diagnostic Cardiology and Cardiac Imaging Penn State Health Milton S. Hershey Medical Center / Heart & Vascular Institute

The Penn State Heart & Vascular Institute (HVI) and the Penn State Health Milton S. Hershey Medical Center are actively recruiting for an academic leader in diagnostic cardiology to serve as the **Program Director of Diagnostic Cardiology and Cardiac Imaging** in Hershey, PA. Penn State HVI is a leader in providing advanced, coordinated care for cardiovascular disease in the region. In fact, we're home to the **region's only heart transplant center**.

Diagnostic cardiologists with a strong background in imaging and prior administrative and leadership experience is a must.

The **Program Director** will direct the **largest program in the Penn State HVI**, which includes multiple clinical, teaching, and research programs in cardiology, cardiac surgery, vascular surgery, and interventional radiology. An active structural heart disease, nuclear cardiac, CT, and cardiac MRI programs exist in our academic health center with medical student, resident, and fellowship training programs.

The Penn State Health System offers an academic practice with clinical material and support to sustain an academic career. The state-of-the-art **Penn State HVI** (primary practice location) is a 63-physician integrated multi-specialty group that includes Cardiology, Interventional Radiology, Vascular Surgery, and CT Surgery. The HVI has become a national academic model for the delivery of integrated, collaborative, and cutting-edge patient care.

Program Highlights:

- **HVI Revenue** over \$500 Million annually.
- **Patient Caseload:** 19,766 procedures per year; 2,500 HVI Admissions per year. Directly compete with WellSpan Health, UPMC, and Penn Medicine.
- **Call Schedule:** TEE call about 8 weeks per year; General cardiology call 4-6 weeks per year.
- **Echo Lab Space:** An active Echo Core Lab (funded by research trials) and an active HVI clinical trials program available on Hershey Medical Center Campus. Echo Core Lab specializes in LV strain; Translational Basic Research Lab in ACHD; an active TAVR program with imaging; and major cardiac transplant/ECMO/LVAD programs.
- **Advanced Equipment:** Siemens SC2000 cardiac ultrasound, Siemens Bonsai (portable laptop), Philips Epiq CVX, Philips Affiniti, Synapse Cardiovascular Advanced Reporting for echocardiograms, TomTec 3D and Strain Analysis, MUSE EKG Database.
- **Access to State-of-the-art Facilities:** All 5 local clinic sites, in addition to the Main Hospital, are supported by staff and physicians from the HVI.
- **Collaborative Work Environment:** The Penn State Department of Medicine has over 230 faculty; HVI has over 80 full-time faculty (40 of whom are Cardiology Division faculty). Additionally, HVI has strong collaboration with the Department of Public Health Sciences for Research; Possible dual academic appointment in Radiology.
- **A Great Place to Work:** Penn State Hershey is a great place to work with a broad spectrum of trained subspecialties in all aspects of cardiac care. **Promotional opportunities** include promotions to Full Professor; Vice Chair; and future Chief of Cardiology opportunities within Penn State HVI.
- **The Penn State Heart Transplant Program** is recognized as one of the most successful in the country.
- Penn State Hershey Medical Center was named **one of the top hospitals in the nation in 2022-2023, No. 1 in the Harrisburg metro region, and No. 5 in Pennsylvania** by *U.S. News & World Report*.

Penn State HVI is seeking a candidate at the Associate or Professor of Medicine level with an established track record of mentorship. The successful candidate will be a nationally recognized academic leader with a substantial record of leadership, clinical and administrative accomplishments, education scholarship, and research productivity and teaching experience.

PROFESSIONAL QUALIFICATIONS:

- Board-certified/Board-eligible in Cardiology and have successfully completed an ACGME-approved residency.
- Medical degree: M.D., D.O., or foreign equivalent.
- Board Certification by the American Board of Internal Medicine (ABIM).
- Completion of a Cardiovascular Disease Fellowship.
- Candidates must be eligible for medical licensure in the State of Pennsylvania.
- Possess outstanding clinical and teaching skills, can foster research, and share a commitment to excellence, diversity.
- Experienced candidates with expertise in any non-invasive area of cardiology, administrative, and leadership experience will also be considered.

LIVING & WORKING IN HERSHEY, PA:

Located in the heart of *The Sweetest Place on Earth*, Penn State Health's flagship 628-bed medical center, Penn State Health Milton S. Hershey Medical Center, is central Pennsylvania's only locally based academic medical center and is the only medical facility in Pennsylvania to be accredited as a Level 1 trauma center for both children and adults.

Known as the home of the Hershey chocolate bar, Hershey's community is distinct in history and offers a diverse culture. Our local neighborhoods boast a reasonable cost of living whether you prefer a more rural, suburban setting or thriving city rich in theater, arts, and culture. The proximity to Philadelphia, Baltimore/Washington, D.C., New York City, and the New Jersey shore makes Hershey the perfect location for those wishing additional opportunities to explore and relax.
