

University of Iowa Health Care (UI Health Care) seeks a dynamic, transformative and enterprising physician leader who is passionate about quality and safety to serve as its next Chief Quality Officer (CQO). This individual will be the catalyst to lead a synergized passion and laser focus on quality and safety and will strive to instill a culture of clinical excellence across UI Health Care, guiding the Organization to new standards of care delivery.

UI Health Care is Iowa's only comprehensive academic medical center and includes University of Iowa Hospitals and Clinics (UI Hospitals and Clinics), the University of Iowa Roy J. and Lucille A. Carver College of Medicine and University of Iowa Physicians. UI Hospitals and Clinics is the clinical arm of UI Health Care and provides the full spectrum of specialty and subspecialty care drawing patients from Iowa, the region, and around the world.

As the face of quality for UI Health Care, the CQO will drive the implementation and operationalization of a unified strategy that leads to higher standards of care, excellent outcomes, and an embedded culture of quality and safety. The CQO will support operational leaders in the further integration of quality and safety functions in a manner that leverages and optimizes the operating structure and creates seamless integration throughout UI Health Care.

This is an outstanding leadership role for a dynamic and innovative leader who has a genuine enthusiasm to drive the advancement of outcomes, quality and safety for the betterment of patients. The individual who will best succeed is one who is visible, proactive, and decisive with a proven track record at a high performing academic medical center. An MD/DO degree is required and completion of an ACGME-accredited residency program with current board certification in their specialty. The candidate must have a track record of clinical credibility. At a minimum, candidates must possess the qualifications for appointment to Associate Professor/Professor at the Carver College of Medicine. An advanced degree in healthcare management, informatics, or quality is desired.

For confidential nominations and expressions of interest, please contact Jim King and Linda Komnick through the office of Imran Ali, preferably via email to [iali@wittkieffer.com](mailto:iali@wittkieffer.com).
