

## Senior Associate Dean for Research and Graduate Education

Morehouse School of Medicine (MSM) is conducting a national search for a Senior Associate Dean for Research and Graduate Education (SADRGE). Reporting to the President and Dean of the Morehouse School of Medicine (MSM), the Senior Associate Dean will serve in a new leadership role overseeing the further growth and development of MSM's translational research capabilities, the expansion of MSM's program for Graduate Education in Biomedical Sciences (GEBS), and the integration of the entire research enterprise with the graduate curriculum at MSM.

The inaugural SADRGE will be a visionary leader who knows how to effectively drive change in a social mission-driven, system-oriented environment. The individual must be a nationally recognized leader in research and education with a track record of continuous NIH or equivalent funding. Should the SADRGE be a physician, it is anticipated that he/she will participate in clinical services in the appropriate clinical department. He/she will identify and hire an Associate Dean for Clinical and Translational Research and an Associate Dean for GEBS, as well as support targeted hiring of additional funded basic science and clinical research faculty. This individual must have experience and success in a leadership role that fostered research education and training for health science students, graduate students, GME trainees, and/or junior faculty, fellows, and residents. Knowledge of current national and international interests and directions in research and education is required. Also required will be the ability to oversee the development of curricula and courses that bridge relevant academic disciplines and environments (medicine, clinical care, public health, business development, etc.). The SADRGE will foster innovation and excellence in the creation and expansion of new areas of education and research that leverage technologies that can potentially have a revolutionary impact on research. Leading sponsored research development at MSM, the SADRGE will develop a clear vision, mission, and strategic plan to support and improve faculty success in seeking and obtaining external support for mission-related research and outreach initiatives, including support from state and federal governmental sources and from private foundations. He/she will also identify resources to expand and strengthen the operations of MSM's research current research infrastructure. The SADRGE will also oversee the development and implementation of policies and procedures, including compliance, safety, and the responsible conduct of research.

**About Morehouse School of Medicine:** Morehouse School of Medicine (MSM), located in Atlanta, Georgia, was founded in 1976 and, in 1981, became an independently chartered institution. MSM is among the nation's leading educators of primary care physicians and was recently recognized as the top institution among U.S. medical schools for its social mission. The mission of MSM is leading the creation and advancement of health equity. MSM employs more than 350 faculty members, many of whom are internationally recognized in their field. MSM awards Doctor of Medicine, Doctor of Philosophy in Biomedical Sciences, Master of Public Health, Master of Science in Medical Sciences, Master of Science in Biomedical Research, Master of Science in Clinical Research, Master of Science in Biomedical Technology, and Master of Science in Neuroscience degrees. The majority of MSM's more than 1,400 alumni choose to honor the mission by serving communities located in rural areas and inner cities. MSM's research stature and reputation have grown exponentially over the last decade, fueled in large part by significant investments in our research infrastructure with funding from the NIH, HRSA, the Georgia Cancer Coalition, and others. Potential candidates are encouraged to visit [www.msm.edu](http://www.msm.edu) for more information and to review strategic planning documents, found online at [www.msm.edu/StrategicPlan/index.php](http://www.msm.edu/StrategicPlan/index.php).

For the full-length position description, or to send applications (curriculum vitae and detailed cover letter), nominations, and inquiries, contact the email address below. For priority consideration, please apply by October 24, 2019.
