

HENRY FORD HEALTH

Chair, Otolaryngology (ENT) / Head & Neck Surgery
Detroit, Michigan

This is an exciting opportunity to operate as a visionary leader in a complex patient-centered, academic environment providing executive leadership over the rapid growth and expansion of Otolaryngology at Henry Ford Health, serving patients at 5 hospitals and 8 outpatient sites, along with leadership over the clinical, educational and research activities of the department, including the Division of Audiology, Division of Oral & Maxillofacial Surgery, and the Section of General Dentistry. An academic appointment will be provided through Michigan State University or Wayne State University.

The Opportunity

Reporting to the CEO of the Henry Ford Medical Group/Chief Academic Officer of Henry Ford Health system, the new Chair will have the opportunity to lead a nationally recognized and growing Department of Otolaryngology/Head & Neck Surgery overseeing strategic growth and expansion, quality initiatives, value-based care and academic activity for a clinically busy Department that includes 26 Otolaryngologists and 23 Audiologists, along with a strong complement of Oral & Maxillofacial Surgeons, General Hospital Dentists, Advanced Practice Providers, Residents and Fellows.

The Ideal Candidate

The successful candidate will be a compelling leader with the reputation, influence, and leadership gravitas to enhance innovation and collaboration in a multidisciplinary Otolaryngology Department, while promoting the highest standards of clinical outcomes in a complex health environment. Successful Chair candidates will be recognized as outstanding clinically active leaders in Otolaryngology surgery and will be passionate about promoting discovery and scholarly activity. M.D./D.O. with Board Certification in Otolaryngology Surgery is required.

The Organization

Henry Ford Health is a \$6.6 billion comprehensive, integrated, and academic health system, providing both health care delivery and coverage, as well as a robust research and medical education and training program. With 33,000+ team members and 6,000+ physicians, the health system delivers exceptional and compassionate care at its 10 acute and specialty care facilities, including a destination cancer care facility, a destination sports medicine facility, and 250+ sites including medical centers, walk-in and urgent care clinics, pharmacy, and eye care facilities. HFH is currently in an era of major investment and growth. The new partnership with Michigan State University will expand MSU's presence in Detroit through the development of a regional campus, located within the Henry Ford Hospital campus footprint, providing greater access to exceptional health care.

The Region

Detroit is enjoying an amazing renaissance, including urban renewal and significant infrastructure upgrades. Michigan is more than a great place to work and do business. Few other states offer the geographical diversity and range of activities of Michigan, and the state's two peninsulas are surrounded by four Great Lakes, boasting more freshwater shoreline than anywhere else in the nation.

Nominations are greatly appreciated and may be sent to:

Bernard Godley, MD, PhD, MBA, Lead Physician Executive

Anne Neubauer, Vice President
