

THE UNIVERSITY OF TEXAS
DEAN, COLLEGE OF PHARMACY

The University of Texas at Austin invites nominations and applications for the position of Dean, College of Pharmacy. As chief executive officer of the 126 year-old College, the new dean is expected to provide vision and leadership for the college, maintain its vibrancy and promote innovation and entrepreneurialism. Adept at complex decision-making in an ever-changing healthcare environment, we are looking for a dynamic, congenial leader with outstanding abilities in communication, team-building, research and scholarship; administration; fund-raising; teaching; and service to the community. The new dean must demonstrate the ability lead collaboratively across disciplines in a professional manner. Evidence of having secured and maintained financial support for research and/or educational purposes and knowledge of, or experience in, raising funds from alumni, especially pharmacy alumni, and in the public and private sectors must be shown. The new dean is expected to provide service in leadership positions at the State and National levels to advance the profession of pharmacy and the pharmaceutical sciences. The dean reports to the Executive Vice President and Provost of the university.

The College has six divisions: Pharmacotherapy, Molecular Pharmaceutics and Drug Delivery, Pharmacology and Toxicology, Chemical Biology and Medicinal Chemistry, Health Outcomes, and Pharmacy Practice. It offers multiple degrees, including PharmD and PhD, and recruits top students from across the country and around the globe.

The candidate must qualify for appointment to the rank of Professor with tenure in an academic unit of the college and have an earned Ph.D. in Pharmacy or a related pharmacy field and/or a Pharm.D. with appropriate residency or fellowship training. An undergraduate pharmacy degree (B.S. or entry-level Pharm.D.) is preferred. The candidate should have an exceptional leadership record at a top ranked pharmacy school, academic health center (preferred) or health system and ideally, experience working in a similar interdisciplinary environment with top tier NIH funding. The candidate should have senior level administrative expertise that has included strategic and operational planning, preparation of budgets, experience with specialized, professional accreditation, effective management of resources within a budget, effective personnel organization and management, and student and faculty recruiting.

Korn Ferry is assisting UT Austin with this important search. Interested candidates should send a letter of interest and a copy of their curriculum vitae to:
