

Beth Israel Lahey Health
President, Lahey Hospital & Medical Center

Beth Israel Lahey Health (BILH), an integrated health care system located in Massachusetts, has announced a national search for its next President of Lahey Hospital & Medical Center (LHMC).

The President position offers an exceptional opportunity for a progressive healthcare executive committed to delivering the highest quality healthcare. This person will ensure that LHMC functions at the highest levels including delivering safe, high-quality coordinated care, efficient management of resources, smooth and efficient administrative services, and implementation of strategic and operational plans. The President will be responsible for the executive leadership and fiscal health of LHMC and leading the organization during a challenging period in healthcare and a pivotal moment for the organization.

The candidate will be a physician executive with a strong reputation as a clinician and experience in leadership roles involving physicians and hospitals. They will have demonstrated leadership success in a large and complex healthcare organization, advancing change, improving operational health, growing programs and services, and delivering results to expand care delivery. This position requires a physician executive who thrives in a highly matrixed, fast-paced environment. They must possess strong collaboration, relationship, and consensus-building skills with an ability to be decisive. The ideal candidate will have high energy and a passion for complex problem solving with a team of highly accomplished professionals.

LHMC is a unique physician led, nonprofit hospital, medical center, and multi-specialty group practice. It includes two acute care locations and a broad set of ambulatory services. Lahey Hospital & Medical Center, Burlington, serves more than 3,000 patients per day through its physician-led 335-bed nonprofit teaching hospital, ambulatory care center, 24-hour emergency department, and American College of Surgeons verified Level I trauma center. Lahey Medical Center, Peabody, Massachusetts includes a 24-hour emergency department and a 10-bed hospital and serves more than 800 outpatients per day. Lahey Community Group Physician Practices feature nine adult internal medicine and family practice sites in the communities served by Lahey Hospital & Medical Center, and represent more than 50 medical and surgical specialties.

LHMC is part of BILH, an integrated health care system established in 2019. BILH brings together academic medical centers and teaching hospitals, community, and specialty hospitals, and more than 4,000 physicians and 35,000 employees in a shared mission to expand access to great care and advance the science and practice of medicine through groundbreaking research and education.

The second largest health system in Massachusetts, BILH includes four academic and teaching hospitals, 12 community and specialty hospitals, and a full continuum of services spanning specialty and primary care, behavioral health, ambulatory care, and home health services.
