

**Division Head of Nuclear Medicine and Molecular Imaging**  
**Department of Radiology**  
**Henry Ford Health System - Detroit, Michigan**

Henry Ford Health System (HFHS) located in Detroit, Michigan, one of the world's most distinguished academic medical centers, is seeking nominations and applications for the position of *Division Head of Nuclear Medicine and Molecular Imaging*. The Division Head will bring to the division a broad experience in all aspects of nuclear medicine, vision for expanding therapeutic services, and strong leadership skills suitable for academic medicine. You will provide oversight for Nuclear Medicine within the Department of Radiology for the Henry Ford Medical Group (HFMG) and throughout the Henry Ford Health System.

The Division Head will be responsible for advancing our tripartite mission: clinical care, education, and research. You will be looked upon for leading nuclear medicine clinical operations within Henry Ford Medical Group, and throughout the Henry Ford Health System. Academically, you will promote effective collaboration among divisional faculty, other departments across the HFMG. You will drive collaborations as you seek to expand the therapeutic services provided from the division. In addition, take advantage of the growth of the Henry Ford Cancer Institute as a chance to continued expansion of the division. In an effort to grow a dynamic Division of Nuclear Medicine and Molecular Imaging, you will be successful in recruitment of new faculty to the division and support of their career development.

The Department of Radiology at Henry Ford provides services for several of the system hospitals, including the system's flagship institution, Henry Ford Hospital, which is an 877-bed tertiary/quaternary care hospital, education, and research complex in Detroit's New Center area. The Department performs over 1 million exams annually and has a robust and diverse training program with over 35 residents and 11 fellowship positions. The Division of Nuclear Medicine and Molecular Imaging is a full service division, providing all nuclear medicine services, therapy, PET/CT, and cardiac nuclear medicine. They provide services at 2 hospitals and multiple multispecialty outpatient centers – with planned expansion to additional hospitals and at the brand new Cancer Center in 2020. The division is made up of 6 board certified nuclear physicians, 28 technologists, 1 radiopharmacist, and 2 medical physicists. We are seeking an experienced nuclear medicine specialists with national presence to grow this division. The incoming candidate would preferably be board certified in radiology by the ABR, with special competency in Nuclear Radiology by the ABR and/or ABNM.

We would appreciate the opportunity to discuss this opportunity with you in detail. Please forward a copy of your CV for review and contact me directly to discuss this opportunity in depth. You can reach me, Dan Jennings, at (678) 323-1936 or by email at [dan.jennings@merritthawkins.com](mailto:dan.jennings@merritthawkins.com). All inquiries and referrals will remain confidential.
