The MetroHealth System
Chair, Neurosurgery
Cleveland, Ohio

This is an exciting opportunity to continue to lead the transformation of the Department of Neurosurgery -- paving the future for innovative education, clinical care, and Neurosurgery research.   As principal teaching hospital of the Case Western Reserve School of Medicine, faculty appointments are awarded through Case Western Reserve University School of Medicine.

The Opportunity
The Neurosurgery Department at MetroHealth is renowned for excellent neurotrauma care, complex spine operations including repair of severe deformities, and minimally invasive approach to spine surgery. The Department has strength in neurocritical care, vascular and skull base neurosurgery, brain tumor treatment, pediatric neurosurgery and peripheral nerve operations. The new Chair of Neurosurgery will lead a prestigious clinical, educational, and research enterprise and serve as an integral leader of a major medical center during a period of transformative change across the healthcare industry.

The Ideal Candidate
The Chair of Neurosurgery will be viewed by all stakeholders as a strong advocate for balancing the academic, educational, and clinical missions within the growing Department and a willing collaborator with colleagues outside of the Department. The successful candidate must be an outstanding clinician and a team builder who is able to lead in a complex and dynamic environment and who will continue efforts around programmatic development, population health, patient access and value-based care.

The Organization
The Neurosurgery Department's clinical and academic staff includes Neurosurgeons (cranial, spine and nerve expertise), Spine (orthopedic) surgeons, Pain/Anesthesia specialties, Neuro-intensivists, and APPs. Surgeons are members of integrated teams and treatment centers. For example, the Spine Center combines surgeons, Physical Medicine/Rehabilitation physicians and Anesthesia Pain physicians working in one collaborative team. Brain tumors are treated by Neurosurgeons in collaboration with the Neuro-Oncology team.

MetroHealth is an academically focused, nationally ranked, non-profit, mission-driven, public health care system and one of the largest, most comprehensive healthcare providers in Northeast Ohio. The system includes 4 hospitals and 25 outpatient facilities and is enjoying outstanding clinical growth and financial strength. The 700-bed flagship hospital is noted for its Level I Trauma practice. MetroHealth is undergoing a billion-dollar transformation that includes a new hospital tower and other additional state-of-the-art facilities, impactful population health initiatives, and a reimagined campus environment that foregrounds the health and well-being of employees, as well as the patient.

The Location
Cleveland, Ohio is located on the southern shore of Lake Erie, near the mouth of the Cuyahoga River. The area offers a mix of history and modern sophistication. The area's economy has diversified sectors that include manufacturing, financial services, healthcare, and biomedical. Cleveland is home to three major league sports teams and is recognized as the 10th most philanthropic city in the nation.

Nominations are greatly appreciated and may be sent to:
