Milwaukee, WI - Froedtert Health is seeking an experienced and collaborative executive for the newly created position of Vice President, Operations for Froedtert Hospital. Froedtert Hospital is in a dynamic healthcare market and has been consistently recognized as a Vizient top performing academic medical center.

Froedtert Hospital is the adult academic affiliate of the Medical College of Wisconsin (MCW). It is staffed by MCW physicians providing care in all medical specialties and subspecialties, with particular strengths in cancer, heart and vascular diseases, brain injury and disorders, spinal cord injury, transplant, communication disorders, digestive diseases, diabetes, orthopedics, urology and women’s health. Froedtert Hospital has received its third Magnet designation, is considered a Truven Health Analytics Top 100 Hospital and is ranked by US News & World Report in six specialties.

Reporting to the Senior Vice President, Chief Operating Officer of Froedtert Hospital, the Vice President, Operations will provide administrative leadership for all aspects of surgical services as well as operational oversight for all facets of the emergency department at Froedtert Hospital. For surgical services this includes the preoperative clinic, procedural arrival and recovery, OR’s, post-anesthesia care unit, and sterile processing. For the Emergency Department, this also encompasses the observation unit and trauma program. All surgical services staff, including CRNAs and the emergency department staff, ultimately report to the Vice President, Operations.

The successful candidate will have a minimum of ten years of substantive leadership in a high performing academic medical center or similarly complex organization; an advanced degree is required. The leader who will best succeed is one who is visible and is able to build relationships across a highly matrixed organization. The Vice President, Operations must have experience successfully developing a culture of performance excellence and possess an open and collaborative leadership style. This is an outstanding opportunity for an experienced executive to provide leadership excellence to one of the country’s leading academic medical centers.
