

Surgical Director, Structural Heart and Transcatheter Valve Therapy
Yale School of Medicine
Department of Surgery, Division of Cardiac Surgery

Yale School of Medicine is seeking a qualified cardiac surgeon for an exciting leadership opportunity. The incoming Surgical Director of the Structural Heart and Cardiac Valve Program will lead a multidisciplinary program that includes an accomplished team of cardiac surgeons, structural interventional cardiologists, heart failure cardiologists, cardiac imaging specialists, and nurse coordinators. The ideal candidate will have significant expertise in transcatheter procedures, at least five years of experience in a high-volume program, and demonstrate a track record of academic involvement in clinical teaching and research.

Opportunity Highlights

- Integral leadership role within a team of world-class heart specialists offering the most advanced technologies and techniques available
- Proven history of successful outcomes within the program—Yale New Haven Hospital maintains one of the Society of Thoracic Surgeons' highest ratings for heart surgery
- Involvement in clinical teaching of cardiothoracic surgery residents as well as structural heart fellows
- Ample opportunities and support for research, particularly outcomes based and surgical trials
- Competitive compensation, commensurate with experience and academic rank
- Excellent benefits through Yale University

Community Highlights

Located alongside the Long Island Sound in a beautiful region of New England, New Haven is a charming city that offers a remarkable quality of life for all its residents.

- Excellent public and private schools as well as local colleges and universities
- Four distinct seasons and endless opportunities for outdoor recreation, including swimming, sailing, skating, hiking, biking, and golfing
- Ranked by *Niche* as one of the "Most Diverse Cities in America"
- Convenient access to New York City (1.5h) and Boston (2.5h)
