

## **Associate Division Chief of Endocrinology | Marshall University**

### **Huntington, West Virginia**

Merritt Hawkins is excited to represent this Associate Division Chief of Endocrinology position. This division recently received a \$2 Million Endowment dedicated to for Endocrinology Research and is seeking a research focused endocrinologist to help build the Division's research platform. This is an amazing opportunity for any researcher looking to build their dream position with the full support and backing of the school of medicine and administration.

#### **HIGHLIGHTS:**

- Spend 60 to 70 percent of your time on research
- Extremely supportive administration and dean
- Ample research space available
- Provide guidance to Residents and Fellows who are interested in research
- Funds available to bring your research team or build one once you arrive
- Clinical responsibility can be as little as a half day of clinic per week
- Diabetes red zone
- No patient call required

Join an established Division with 8 faculty members looking for the right person to expand their research base. This is your opportunity to build the lab you always wanted and be on the ground floor of an institution that is dedicated to becoming a more research focused and has the funds to make it happen.

#### **BEAUTIFUL MOUNTAIN UNIVERSITY TOWN:**

4-season climate  
Great public and private schools  
Low cost of living  
Beautiful downtown on the water  
Division I college sports
