

Houston, TX –

HCA Healthcare seeks a dynamic and accomplished executive to serve as the next Division Vice President (DVP) for the Gulf Coast Division based in Houston, Texas.

The DVP, GME for the Gulf Coast Division will oversee 11 GME programs; 9 residency programs and 2 fellowship programs with 223+ residents and fellows within 5 teaching hospitals:

- HCA Houston Healthcare Kingwood - Houston, TX
- HCA Houston Healthcare West - Houston, TX
- HCA Houston Healthcare North Cypress - Cypress, TX
- HCA Houston Healthcare Conroe - Conroe, TX
- HCA Healthcare Corpus Christi Medical Center - Corpus Christi, TX

The DVP will be recognized as the internal and external champion for the GME mission for HCA and will promote HCA GME in stature and performance. They will provide the leadership for bringing infrastructure and systems together that provide education excellence and outstanding culture for GME, which positively influences HCA quality, best practices and physician integration.

Reporting into the Texas Regional Vice President of Graduate Medical Education, the DVP will be strategic but also have the technical knowledge involved in optimizing GME operations in collaboration with GME leadership, program directors, hospital leaders and health system executives whose focus is on clinical program excellence. The successful candidate will have either a graduate degree in business administration, healthcare administration, management or related field and/or a medical degree from an accredited institution and board certification in an appropriate specialty.
