

Medical Director, General Radiology Services Oregon Health and Science University

Oregon Health and Science University, in partnership with Columbia Memorial Hospital, is seeking a full-time general radiologist for an exciting opportunity to assume an established practice in a beautiful Pacific Northwest coastal community. The incoming physician will benefit from practicing where there is no local competition, while receiving ample support from world-renowned experts at OHSU, one of the top-ranked health science universities in the nation.

This opportunity includes an academic appointment at OHSU as well as access to the abundance of educational and research resources available through the Department of Diagnostic Radiology.

Columbia Memorial Hospital, the fastest growing rural hospital in Oregon, is a 25-bed, full-service, not-for-profit, Level IV Trauma and Critical Access Hospital located in Astoria.

Located along the Columbia River, Astoria is an inviting Oregon community filled with breathtaking scenery and endless opportunities for outdoor adventures. Offering an incredible quality of life and easy access to Pacific Coast beaches, it's the perfect place to call home.

- Historic and vibrant community with thriving theater, arts, and culinary scenes
- Plenty of options for family-friendly activities
- Enjoy hiking, biking, fishing, camping, and much more
- Less than 2 hours from Portland
