

Gathering the Rural Obstetrical Workforce in WI

GROW-WI ECHO PROGRAM

[Click Here to Register!](#)

Program Logistics

WHEN:

- 4th Tuesday of each month
7:30 - 8:30 AM
- First session: April 22, 2025

WHERE:

- Online via Zoom in the [iECHO](#) platform

What Is Project ECHO?

Through a combination of case-based discussion and educational presentations, ECHO Programs bring together subject matter experts and community practitioners in an All Teach All Learn model.

Target Audience

Anyone invested in prenatal, perinatal, postnatal and newborn care is invited to attend.

- Family Physicians
- OB-Gyn Physicians
- Midwives
- General Surgeons
- Pediatricians
- Nurses
- Community Partners
- Hospital Leadership

Questions? Interested in presenting a case? Contact:

Jenny White, Program Coordinator
jennifer.white@fammed.wisc.edu

Program Goals

- Foster multi-specialty and interprofessional collaboration
- Enhance clinical skills in perinatal and newborn care
- Address unique rural challenges with a focus on supporting systems-level solutions, OB workforce development and preventing OB unit closures

Upcoming Sessions

April 22: Opioid Use Disorder in Pregnancy

May 27: Understanding the Scope of Practice of Licensed Midwives

June 24: Psychopharmacology Principles for Perinatal Patients

Continuing Education credits will be available to those who attend the live session and fill out an evaluation.
