

Mini 4-H is a free program that introduces Kindergarten, first, and second graders to 4-H. Elkhart County 4-H sponsors many activities to help youth learn and have fun. We are excited to have you as a part of one of the best organizations around and we hope to learn and grow with your children for years to come!

Start your Mini 4-H Adventure today!

Mini 4-H Project List

Arts & Crafts

In this project you will experiment with different colors and textures to create an art project of your choice. For your exhibit you will mount your art work on a poster.

Beef

Complete a poster project and be paired with an animal by Beef Club leaders. Participate in a non-competitive show with the animal's owner.

Bicycle

This project will teach you how to care for your bicycle and ride it safely. For your exhibit you will make a poster about what you have learned.

Collections

Do you save rocks, buttons, butterflies or anything else? This project helps you organize your things.

Cake Decorating

This project will teach you the basics of cake decorating to prepare you for a future cake decorating project in 4-H.

Dinosaurs

In this project you will learn about dinosaurs and how they lived long ago.

Pets

This project teaches how to have fun and care for your pet.

Sewing

In this project you will begin to collect the tools you will need to start sewing.

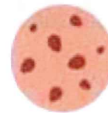

Tractor

In this project you will learn about tractors, how they are used, and safety precautions.

Farm Animals

In this project you will learn about farm animals. You may choose from dairy cows, beef cattle, goats, sheep, rabbits, poultry, horses and swine.

Foods

In this project you will learn about the food groups and My Plate guidelines. As you learn to mix and measure ingredients, you will have fun making cookies.

Flowers & Garden

You will learn how to plant and care for your flowers & garden.

Models

This project helps you learn to follow directions. You will complete a snap together model.

Bugs

In this project you will explore some of the things that make bugs different from each other.

Forestry

In this project you will study types of seeds and leaves of trees. You will also learn how animals make their homes in trees, what trees give us and how trees help us.

Wildlife

This project helps you learn what animals need to survive.

Photography

The Mini 4-H Photography project, will introduce children in grades K-2 to the basics of photography, including how to capture everyday moments using simple cameras or smartphones. Participants will use their photos to create a Mini 4-H poster for the fair, exploring creative photo composition while learning to express their perspectives.
