

Bree Wallace, Executive Vice President, SIG Administration, Breckpoint

With more than 26 years of experience in Property & Casualty insurance—including 16 years dedicated to administering self-insured groups—Bree brings exceptional depth and perspective to Breckpoint. Her background spans underwriting, contract management, third-party administration, claims oversight, member services, risk management, and loss control, making her a trusted leader and strategic resource within the organization. She also brings a strong commitment to service, having served on numerous nonprofit boards and in multiple board officer roles, including her recent appointment as a Trustee of CA-SIG.

Beyond her professional work, Bree is the founder of *Sisterhood Happy Hour (Shhh!)*, a community-driven platform designed to empower women through inclusive, intentionally curated networking experiences. These events create space for connection, shared stories, and mutual encouragement across industries and generations. At the center of Bree's life is family—she is a proud mother of two adult sons, a devoted “Bibi” to two grandchildren, and a grateful partner and dog mom, roles that ground her work and bring balance, joy, and purpose to everything she does.
