## SCHOOL SAFETY AND VIOLENT EVENT INCIDENT MANAGEMENT (REUNIFICATION)

Helping Firefighters Do Their Work  
Through Training, Education,  
Information, and Research.

This is an 8-hour performance level direct delivery course designed to improve incident management and response integration of school personnel and emergency responders (law enforcement, fire, EMS) to violent events in schools. The course provides a model framework for use by school personnel, law enforcement, fire, and EMS to manage violent event response to improve time to threat neutralization, medical intervention, survivability of victims, and reunification of students with parents/guardians.

**GRANT FUNDED: NO COST TO STUDENT OR AGENCY**  
**TRAINING DELIVERED IN THE FIELD**  
**INSTRUCTORS: POLICE, FIRE, EMS & EMERGENCY MANAGEMENT**

### SSAVEIM Framework:

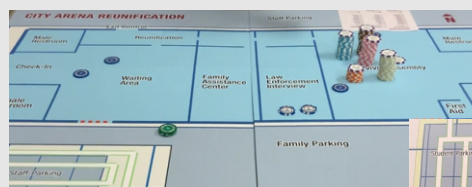

- Standard Response Protocols.
- Active Shooter Incident Management Checklist
- National Incident Management System (NIMS)
- Standard Reunification Method
- Progressively Challenging Tabletop Exercises

### SSAVEIM Course Topics:

- Standard Response Protocol
- Active Shooter Incident Management
- Standard Reunification Method

### SSAVEIM Student Focus:

- Supervisory and Command level personnel from police, fire, EMS, EMA, along with school administrators and teachers

Highly interactive tabletop exercises are utilized to engage and immerse all students in the learning process. Site maps, poker chips that represent people, positions and vehicles, are randomized by dice rolls to add realism to the learning process.

### This course is focused on **Incident Management**.

While tactics may be discussed amongst participants, these courses focus on the Command, Coordination, Communication and Resource Management needed to manage an Active Shooter Incident.
