

Illinois Opens High School Program Registration for Student-Led Initiative to Prevent Targeted School Violence

**20 SPOTS
AVAILABLE FOR
OCTOBER 2025
TO MAY 2026**
first-come, first-served basis

Illinois Invent2Prevent challenges high school students to create and implement peer-developed initiatives, products, and tools to prevent targeted violence in ways they think will be most effective in making their schools and communities safer.

Each high school receives a **\$1,000** budget to implement their project.

Invent2Prevent Program Manager assigned to work with students throughout the project in a guiding, mentoring and coaching capacity.

Illinois Invent2Prevent teams will participate in a showcase and competition event at SIUE in May 2026 and compete for **\$9,000** in cash awards.
