Overview

These New Mexico
Tech courses provide
technical operations
and awareness

training for law

enforcement, firefighters, EMS, school administration and other
personnel who have a significant responsibility for responding to
Weapons of Mass Destruction (WMD) incidents involving explosives and
incendiary materials.

The Understanding and Planning for School Bombing Incidents (UPSBI)
course is specifically tailored for prevention and response to school
bombing incidents. The Incident Response to Terrorist Bombings (IRTB)
course focuses on response protocols to situations involving all types of
explosives and/or threats pertaining to the criminal use of explosives.

Classroom Topics

- Understanding the Terrorist Threat
- Recognition, capabilities, and hazards associated with commercial, military, and homemade explosives
- Recognition of Improvised Explosive Devices (IEDs)
- Prevention, response, and mitigation
- Safety Issues/Considerations/Preparedness Plans
