# APRIL NEWSLETTER 2021

Browning's Pharmacy & Healthcare

SPRING HAS SPRUNG, SPRING INTO ACTION.

The power lift chair introduces a whole new level of independence. At the simple touch of a button, the seat can be lowered or raised in order to gradually help the person achieve the standing or sitting position they desire. Most importantly, a care taker doesn't have to be present in the home 24/7 to assist in sitting and standing.

Lift chairs may appear to be a standard reclining chair, but it is actually a powerful piece of medical equipment. Lift chairs have been proven to help in reducing edema and pressure ulcers along with alleviating joint pain, back pain, and arthritis,

If you are searching for a power lift recliner premier in performance, style, color, and material available, look no further than Browning's Health Care! Our power lift chairs are designed to be a fashionable part of your home décor while providing life-changing benefits.

Browning's carries the most popular models from Pride Mobility and Golden Technologies. We always have 12-15 lift chairs in our show room: ready to go home with you. If we don't have the exact style you're looking for, we can order it directly from either of our vendors. Our lift chairs vary in prices from $895 to $3100, with the average price being around $1200. Depending on participant eligibility and medical necessity, power lift recliners are qualified for partial reimbursement under certain Medicare, Medicaid and private insurance programs.

Browning's always offers free home delivery and free set up. Stop by our showroom anytime from 8AM-6PM to speak with one of our knowledgeable representatives and find the perfect fit for you or a loved one.
