Recreation

Get Outdoors PA Exchanges are jammed packed educational events designed for recreation and conservation professionals, environmental educators and outdoor advocates. Join us at Climbers Run Nature Preserve for an incredible line-up of education, networking, and end the day with a guided hike led by Lydia Martin, Director of Education at the Preserve.

Don't miss out on our second Exchange on September 18 at the The Montour Preserve in Danville! Complete details for both events available at PRPS.org.

*This event made possible through funding by the
Pennsylvania Department of Conservation & Natural
Resources.*
