This newsletter: The Friends of Waccamaw Library's digital newsletter (sent on the first and 15th of each month) aims to let you know what's happening on the Waccamaw Neck and Georgetown (farther afield if it's library-related). This e-communication is sent to all Friends (whose e-dresses we have) and to all who ask to be added to the e-list.

In addition to the programming developed by the library system and the Friends (**in red**), we will cover other opportunities for quality experiences, education and entertainment. **In case we miss things, a list of websites for local organizations is located at the end of this newsletter. We recommend that you check the website links for possible updates, sold-out status, cancellations, and rescheduling information.** The information is organized by date, so scroll down to the date you are seeking. If you are part of a group or organization with news to share, send us your announcement. Keep it short; just the facts. We cannot

reproduce an elaborate pdf with graphics and photos. The key information needed includes: Title of event, Where held, When (date and time), BRIEF description, Benefit for (if applicable), Cost (if any), Contact (phone and email), Website (for more information).

11 AM-1 PM – The Moveable Feast: Lori Gold (*Romantic Friction*) at Caffè Piccolo.

Sofie Wilde's bestselling fantasy romance series has been breaking bestseller records and readers' hearts for years. She's primed to become a worldwide phenomenon as the tenth and final book is set to debut after the annual romance readers convention takes place in Chicago next week. As buzz continues to build toward the book's release, Sofie is asked to headline the event for the first time, a career milestone. One she won't let anyone take from her, especially "the next Sofie Wilde." That's what they're calling her—Hartley West, the self-published debut author who writes in the style of Sofie Wilde. Except she doesn't actually "write" anything. After Hartley admits to using AI to create her novel, Sofie's ready to watch Hartley be skewered on social media. Except in this unpredictable world, Hartley is instead lauded for being innovative, for being such a skilled editor to take what the AI churned out and massage it into a story that's just as compelling as Sofie's—maybe even more so. After her unhinged rant unintentionally goes viral, Sofie loses her keynote, and she's starting to lose all her support. That loss is Hartley's gain—as her book sales start soaring, she's given the headliner spot. Sofie is livid. And she's not the only one. As the convention begins, Sofie is surrounded by fellow authors who also fear for their futures, their livelihoods, their art being stripped away, one AI prompt at a time. Something must be done. Find out "what" with bestselling author of *Love, Theodosia*. \$35, www.ClassAtPawleys.com or 843.235.9600.

1-2 PM – Spiderwort, Root Medicine and Spiritual Healing at Brookgreen’s Ron Daise Auditorium. Ron Daise discusses Gullah Geechee culture and history as depicted through characters and scenes in *Raptors in the Ricelands*, his first historical novel. The book is conveyed in four acts and with chapter names that follow the production stages of Carolina Gold Rice, and the program’s themes are intertwined in historical accounts that include the Orangeburg Massacre; Black church life, particularly in Oconee County, SC as begun during slavery; the launch of White supremacy in Fort Mill, SC; the Reconstruction Era; and Marcus Garvey and the Universal Negro Improvement Association. Ron Daise, a St. Helena Island, SC native, is a prominent author, performer, and cultural preservationist. Participants will learn how to lay out a base, weave structured sides, and finish the rim with professional techniques. This 6" x 6" basket is as functional as it is beautiful, and ideal for beginners or those looking to refine their skills. Tammy has been weaving baskets for over 30 years. After taking a beginner class in the early 1990s with a friend in Maryland, she was hooked and has continued to improve her skills by taking classes at basket weaving conventions and making baskets on her own. While she has lived in various places worldwide, weaving baskets has remained a constant. After meeting her husband in West Berlin, Germany in the early 1980s while they were both serving in the army as Russian linguists, they both transitioned to civilian federal jobs and lived in Maryland, Australia, Georgia, and Poland before retiring to Myrtle Beach. Tammy teaches basket weaving with Coastal Carolina University’s OLLI program and enjoys sharing her love of basketry with new weavers. \$55 at registration (plus a materials fee of \$20 will be collected at the start of class), www.Brookgreen.org.

While some of the "travel" destinations are repeated (like that favorite spot in Sorrento), the experiences and recipes are new, because it's through travel that her culinary inspiration is piqued. A new element is the section dedicated to family contributions. Traditions are everything to Mandi and her family, and these recipes are the ones they look forward to year after year, gathering around the table with the people most loved. To Mandi, food has always been about more than just taste ... it's about connection, memories, and the moments we share. Come share a meal, a moment, and a memory with the Lowcountry Bella. \$35, www.ClassAtPawleys.com or 843.235.9600.

Their interpretations of Brookgreen's landscapes, sculptures, structures, animals, and other inspirational views are shown in about 70 artworks juried for this exhibit. The National Association of Women Artists was founded in 1889 to gain recognition for professional women artists in an era when that field was strongly male-oriented. It sponsors exhibitions, awards, and prizes, and organizes lectures and special events. Saturday, June 14-Sunday, August 10, 9:30 AM-4:30 PM. *Up, Down, Near and Far* at Brookgreen Gardens features a series of photo-based images by Kirsten Hoving presented in unconventional ways. The "Down" and "Near" portion of the exhibition focuses on what we see when we look closely at what is at ground level. These images of flowers and vegetation have been printed on silk organza that is then mounted over paper prints in a shadowbox format to create nearly abstract, nearly three-dimensional mirages. Glimpsed details of shapes combine with washes of color to evoke dreamy feelings of being immersed in a natural world that is more felt than seen. The "Up" and "Far" portion of the exhibition emphasizes distant cloudscapes and forest scenes. Large photo-based collages of clouds and free-flowing kinetic photographs on silk of abstracted reflections of trees in moving water encourage us to consider additional ways of thinking about our place in nature. Kirsten Hoving is a photographer and multimedia artist from Charleston, SC, whose art balances on the edge between the recognizable and imagery that is just beyond our grasp. With a PhD in art history from Columbia University, Hoving had a long career as a professor and scholar of modern art, with books and articles on many topics, including Surrealist photography and the assemblages of Joseph Cornell. Those interests heavily influence her creative practice. The exhibition will be on view in both the Ron Daise Auditorium and the Lowcountry Gallery, free with Garden admission. www.Brookgreen.org.

Daytime admission is included with the general admission ticket to the Gardens, while evening visits require a separate event ticket to *Summer Light: Art by Night*, Wednesday and Saturday evenings, June 4 – August 30. www.Brookgreen.org.
