

Orientation to Defensible Space for Ventura County Landscapers

HOSTED BY
VENTURA REGIONAL FIRE SAFE COUNCIL

**PARTICIPANTS ADDED TO
VRFSC'S CONTRACTORS LIST!**

This course equips landscaping professionals with the knowledge and tools to identify landscape vulnerabilities to wildfire and apply effective defensible space strategies. Participants will also learn to navigate the many available resources that support resilient landscaping decision-making.

Learning Objectives:

- Identify property vulnerabilities to Wildfire
- Educate best practices for Defensible Space
- Explore resources for Retrofitting

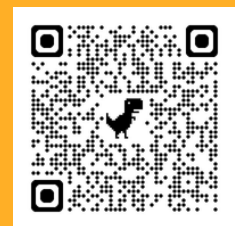

2 Day Course

Thurs, Oct. 9 - Fri, Oct. 10

8:00 am - 4:00 pm
