

Procare Professional Development

Unlocking Excellence with Procure Professional Development

Professional development isn't just a requirement — it's a game-changer that makes a lasting impact on your staff and students! Procare Professional Development is the ultimate solution for child care providers dedicated to enhancing their skills and delivering exceptional care while staying up to date on the latest trends, techniques and best practices in early childhood education. With Procare Professional Development, centers can provide their staff with training that is convenient, engaging and offers practical applications that can be implemented immediately in their teaching methodology.

IACET-Accredited

As an IACET-Accredited Provider, Procare offers first-class training that meets the highest industry standards. Training offered by Procare Professional Development is approved in all 50

states. Employees who complete our courses will receive a downloadable certificate that shows that they earned IACET CEUs (Continuing Education Units), making it simple to meet licensing requirements.

CDA Pathways Included

Procare Professional Development includes ten CDA[®] Pathway courses designed to guide staff through all eight CDA Subject Areas. These courses also provide helpful tips and guidance for fulfilling portfolio requirements and preparing for the exam. The best part? This is available at no extra cost.* Every Procare Professional Development course is eligible to count towards CDA training hours.

With this access to CDA training, your center can offer better career growth opportunities for your teaching staff and higher quality learning outcomes for students.

Practical Self-Paced Learning

Procare Professional Development offers an extensive library of over 120 hours of self-paced online training courses, ensuring your entire staff has access to the high-quality resources they need to succeed. Your staff will also have access to new courses that are added in the future, ensuring they stay ahead of emerging trends and best practices in early childhood education. These courses include interactive lessons with actionable learning outcomes that are thoughtfully designed to cater to the demanding schedules of child care providers. This allows your staff to learn at their own pace without compromising their daily responsibilities.

**Excludes cost of materials and fees paid to the Council of Professional Recognition*

Instant Certification

Upon completion of a course, your staff will receive instant certification that can be tracked through the Procure Professional Development dashboard. For programs in states that require attendance verification by the training agency, Procure Solutions will record your attendance in your state registry. If attendance reporting by the training agency is not mandated, you will receive a certificate with all necessary information to upload on your own. This simplifies tracking progress, managing certifications and ensuring compliance with state or accreditation standards without disrupting your daily operations.

By incorporating these features, Procure ensures your team has access to a premier learning experience that not only meets, but exceeds, the standards of modern child care education.

- Instant certificates showing IACET CEUs
- CDA pathways training included
- Over 120 hours of engaging self-paced training with CEUs provided via online courses for your entire staff
- Approved in all 50 states

The value of investing in professional development goes beyond compliance; it fosters confidence, enriches teaching methods and enhances the overall quality of care your staff provides. With Procure Professional Development, you bring a comprehensive, centralized approach to staff training that ensures consistency and builds trust with families. Transform your team into a powerhouse of professionals with the tools and knowledge they need —all in Procure.
