Operators of businesses and organizations are entitled to rely on the representations of their customers, patrons or employees regarding whether or not they qualify for an exemption from the face covering requirements. Businesses and organizations that rely on such a representation shall not be deemed to be in violation of the emergency proclamation.
- E. If a business or organization does not allow entry to a worker, customer, or patron because that person refuses to wear a face covering, and if that worker, customer, or patron enters the premises or refuses to leave the premises, law enforcement personnel may enforce the trespassing laws and any other laws that the worker, customer, or patron may violate.
- F. This order shall apply statewide.

Increase in Positive Coronavirus Cases in Terrebonne Parish

Due to the recent daily increases in positive coronavirus cases in Terrebonne Parish, Parish President Gordon Dove supports Governor John Bel Edwards’ mandatory face coverings for residents while out in public and to continue to practice social distancing. All employees of businesses who have contact with the public are required to wear a face covering or mask as per Governor John Bel Edwards’ executive order dated June 25, 2020.

Parish President Dove also reminds citizens to continue to wash your hands regularly with soap and water for at least 20 seconds or use hand sanitizer when soap and water is not available.

If you have the symptoms of coronavirus, please stay home from work, visit your doctor and self-quarantine, by not visiting other places outside of your home.

Opening Up Terrebonne Parish – Phase II Guidelines for Individuals and Businesses

Effective at Midnight, June 25, 2020, Governor John Bel Edwards’ extended Phase Two of its Roadmap to a Resilient Louisiana until July 24, 2020. On June 4, 2020, Gov. John Bel Edwards signed the order moving Louisiana to Phase Two of the White House plan for reopening, while cautioning members of the public and businesses to continue to take mitigation measures, like wearing masks when in public, to prevent the further spread of COVID-19 as more people will be interacting with each other. To view the Governor’s order go to <https://gov.louisiana.gov/assets/Proclamations/2020/74-JBE-2020-State-of-Emergency-COVID-19-Resilient-Louisiana-Phase-2.pdf>

Those individuals who are at a higher risk of severe illness from COVID-19 should still stay home unless they are traveling outside of the home for an essential activity, like obtaining food, medicine or medical care.

The Governor's order follows the White House plan for Opening Up America Again. Major changes in Phase Two include allowing churches, places of worship and many more businesses to operate at 50 percent capacity with social distancing, masks for public-facing employees and increased sanitization. In addition, the state strongly recommends that businesses consider offering temperature checks before a person can enter and posting the symptoms of COVID-19 outside with a request that symptomatic individuals not enter.

The State Fire Marshal's Office and the Louisiana Department of Health have issued guidance for churches and different types of businesses to help them enter Phase Two in a way that ensures they operate safely and at the maximum level allowed. Business owners and faith leaders can find information at [OpenSafely.la.gov](https://www.opensafely.la.gov).

The following businesses remain closed: carnivals, amusement parks, water parks, fairs, contact sports, children's indoor play centers, arcades, trampoline parks, theme parks, concert and music halls, and other similar businesses. Live entertainment is not permitted inside any building or indoor function.

However, any business that is directed to be closed in the Phase Two order may petition to reopen under a plan approved by the State Fire Marshal in consultation with LDH. The State Fire Marshal may approve this plan or offer guidance on how the business may reopen in Phase Three.
