We have brought thousands of pilgrims from Norway to Israel throughout the years; Amiel has always been a trustworthy and good partner as the Israeli tour agent. This year, we brought one of the biggest groups from Europe to Succoth, the Feast of Tabernacle.

As everyone knows, Israel was attacked by the brutal Hamas regime and brought Israel into a state of war. Many of international flights were cancelled, also ours.

We then decided to charter a flight to bring our group and many others home to Norway.

The help from Amiel and the Amiel team was outstanding; we were 174 passengers from Haifa, Jerusalem, Netanya, and Tel-Aviv. And everyone was brought by busses to the Airport in Eilat. The communication from Amiel with me as the responsible tour leader was excellent and very clear. This was significant in a very challenging and unclear situation. When we arrived safely in Norway, we were in all the news programs.
