Pitch-a-Program (High Schoolers Only)

Do you have a skill you can share for a possible library program? Examples include: teaching a course (chess, robotics, etc.), teaching a craft (crochet, sewing, art, etc.), teaching a dance workshop, etc. Proposals are reviewed three times per year:

- September (to offer program help during winter break)
- January (to offer program help during spring break)
- April (to offer program help during summer)

To pitch your program idea, pick up an application at the Youth Service desk beginning September 1st. **PLEASE NOTE: not all programs will be accepted**.

Teen Advisory Group (TAG) (Ages 11-17)

Volunteer with other middle school and high school students once per month to advise how the library can best serve tweens/teens, including: help plan and implement programs (one large program per semester); suggest book titles/displays; provide other input and support as needed.
