

Dear Neighbors,

We are collecting California Redemption Value (CRV) containers to benefit [UCI's Basic Needs FRESH Hub](#) food pantry. We are partnering with [Recycle from Home](#) for this project: they will collect our sorted/bagged/tagged CRV recyclables from the Community Center at 12 pm every **1st and 3rd Saturday of the month**.

You can either:

1. *Create your own account with Recycle from Home, and choose the “Donate to FRESH” option.* You then sort/bag/tag your CRV containers at home and schedule a home pickup. [Scheduling a home pickup at 12 pm on the 1st or 3rd Saturday of the month (versus other days/times) will minimize the carbon footprint.]

or

2. *Bring your CRV containers to the Community Center*
9–11:30 am* every 1st and 3rd Saturday of the month. UHills volunteers will sort/bag/tag the containers for you.
*Please do not drop off recyclables at the Community Center at any other time.

The details (for both options):

- eligible containers: glass, plastic, and aluminum drink containers marked with “CA CRV”
no: milk jugs, wine bottles
yes: water bottles, soda cans, sports drinks bottles, beer bottles, etc.
- please rinse out all liquid, and crush cans and plastic bottles if possible

We will have an information booth about Recycle from Home and UCI FRESH, and [an initial collection day](#), at the **Earth Day event at the Community Center on April 30th, 9–11:30 am**. Come check it out!

If you have any questions, please email us at crvrecycleuhills@gmail.com.

We hope you will join the effort!
the Amenta-Polletta and Soenen-Vanderwal families,
and the Sustainability Committee
