

8th Annual

**FREE
ADMISSION**

Right Whale Festival

October 1, 2016
10:00am-4:00pm

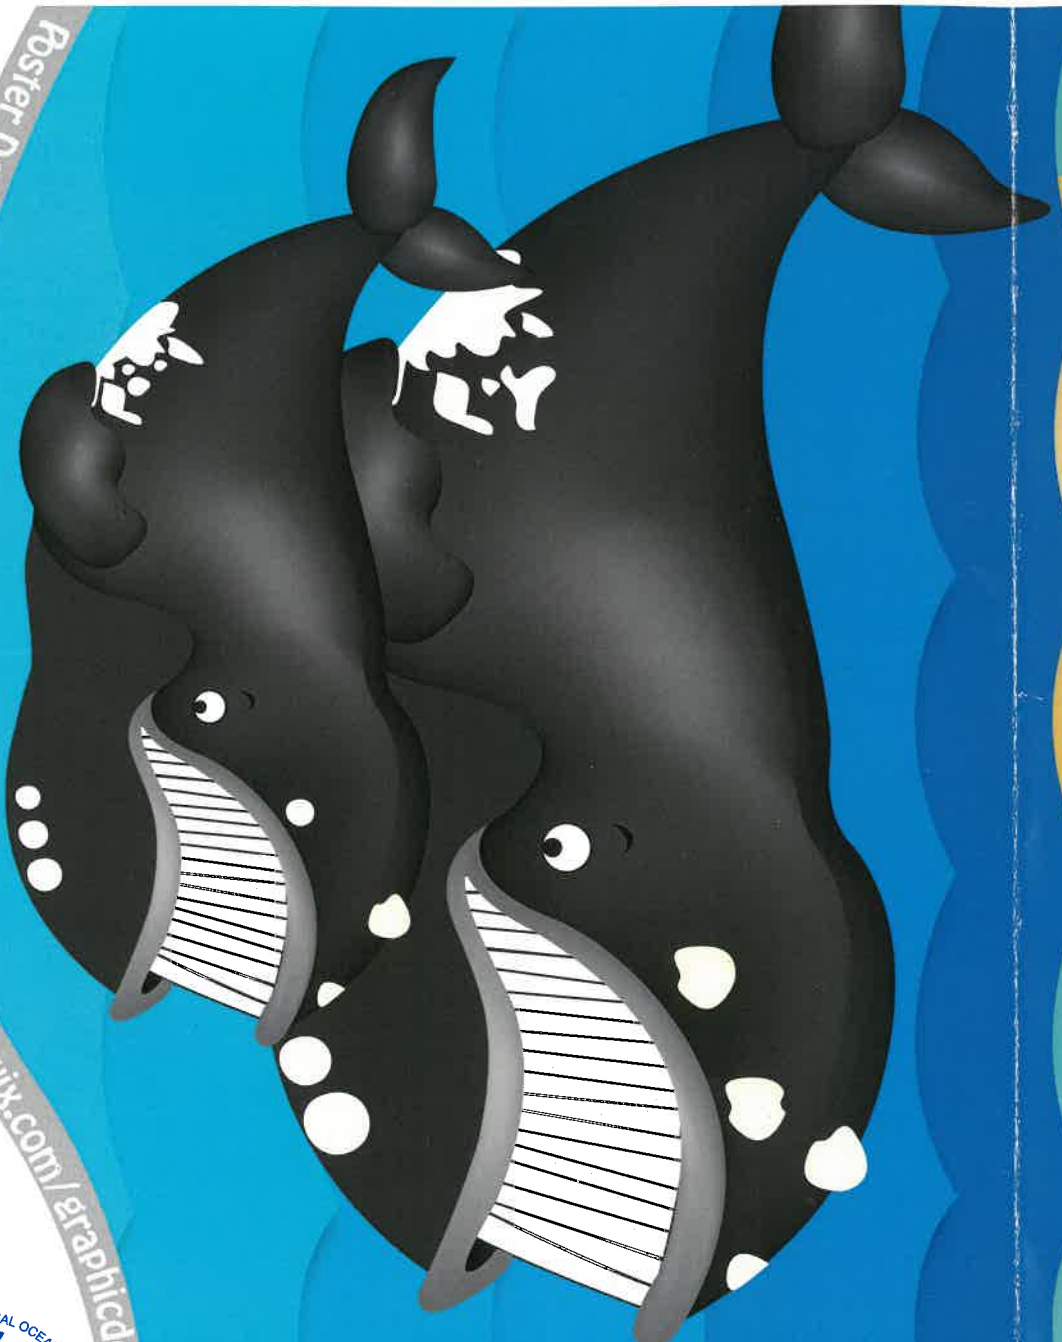

www.rightwhalefestival.com

**Seawalk Pavilion
Jacksonville, Florida
10am-4pm**

Live music, food, kids activities,
and much more!
(Beach clean-up 9am-11am)

Endangered North Atlantic right whales will soon be returning to our coast to give birth to and nurse their young. Come learn about right whales and the ongoing efforts to protect them, such as the "Early Warning System (EWS)." While this festival alerts the public of the upcoming arrival of the right whales, the EWS also alerts mariners when right whales are nearby, so they can change course and avoid striking and killing a right whale.
