Boo! Brownie Treat Holder

All images © 1990-2021 Stampin' Up!®

Supplies:

- **Stamp Set** – Banner Year (158239)
- **Cardstock** – Basic Black (121045); Basic White (159276)
- **Stamp Pads** – Memento Tuxedo Black (132708)
- **Misc.** – Regals 6" x 6" Designer Series Paper (DSP) (155227); Messages Die (154422); Stitched So Sweetly Dies (151690); Black & White 1/4" Gingham Ribbon (156485); Multipurpose Liquid Glue (110755); Stampin' Dimensionals (104430)

Measurements:

- Basic Black: scrap (scalloped rectangle)
- Basic White: scraps (banner)
- DSP: 5-1/2" x 5-1/2"

Instructions:

1. Score the DSP at 1" and 4-1/2". Turn the DSP a quarter turn (90 degrees) and score at 2-1/4" and 3-1/4".
2. Use scissors to snip on the 2-1/4" and 3-1/4" score lines. Cut until you reach the 1" score line. This will create 2 small flaps. Fold these flaps up, then fold in along all of the remaining score lines to create a narrow, open-top box.
3. Adhere the side flaps closed with Multipurpose Liquid Glue.
4. Die cut a small scalloped rectangle from Basic Black using the Stitched So Sweetly Dies. Score the die cut on the long side at 1-1/8" and 2-1/8". Fold down the score lines and place the die cut over the top of the treat holder. Adhere the die cut just to the back of the treat holder. Do not adhere to the front. This will create a flap that closes down over the front of the box, but will still open for you to insert/remove the treat without damaging the treat holder.
5. Slide the brownie (or other treat) inside the box, close the flap over the top, and tie the ribbon around the box. (I used about 16" of ribbon.)
6. Stamp "Boo!" on a scrap of Basic White and die cut with the Messages Die. Adhere to the black die cut with Stampin' Dimensionals. (TIP: Only put a Stampin' Dimensional under one end of the banner, so the recipient can just slide the ribbon to the side to open the treat holder without damaging it.)
