Mini Stampin Cut & Emboss (150673)

Other Supplies: 4" lollipop stick, Hershey Nuggets

Slide Out drawer: cut a piece of card stock to measure 11" x 3 $\frac{3}{4}$ " - place into a score tool or Paper Trimmer with score blade inserted, with the longest side along the top – score down at 1/2" and 1 1/8"

Turn your card stock so that a short edge is along the top and score again at 1/2" and 1 1/8" – turn and repeat with the remaining two sides so that you end up with this:

Next you need to make your tabs – using your paper trimmer or sharp scissors, cut down to the intersecting lines as shown below

Here is a closer look:

At each end cut tabs and shape the edges to make it easier to fold them into your box

Fold along all score lines

Apply a very strong adhesive tape such as Tear & Tape to the inside of the four flaps

Expose the adhesive and fold over the small flap on each small end and adhere in place

Bring both small ends up – expose the adhesive on one of the long strips and fold over – ensure that each small tab at each end is sandwiched between the panel with the adhesive strip and the panel you are folding over to adhere onto it

Repeat for the other long side and your slide out drawer is complete

Outer Sleeve: cut a piece of card stock to be 8 7/8" x 6 3/4"

Place into your score tool or Paper Trimmer with score blade inserted – with the shortest side along the top – and score 5 lines at 3/4", 2 1/4", 3", 4 1/2" and 5 1/4"

Fold along all score lines

Place a piece of strong adhesive tape along the smallest strip that is 3/4" wide, on the outer edge - fold your box over and adhere in place, making sure this tab is adhered to the inside of your box

You will find you have a large flap remaining – use strong adhesive tape to adhere this flap in place – this provides strength to your box

Slide in the inner section – it will be a tight fit so that it doesn't easily fall out – and now it is ready for the fun part of decorating and filling!

To cover the Nuggets with pretty papers simply cut strips of patterned paper to measure 1" x 3 1/4" and use strong tape to adhere them in place.

This is how I decorated – all items that I used are listed in the supply list at the top of this Project Sheet:
