NOTICE: NIGHT WORK - WATERMAIN CONSTRUCTION

This notice is to advise residents and businesses that watermain replacement **work within the Intersection of Mountain Road and Elm Street will commence on Wednesday October 7 at 8:00 pm**. Due to the scope of work, the intersection must be fully closed to vehicular traffic during construction. To minimize disruption to businesses and traffic, the decision was made to complete the work overnight between the hours of 8:00 p.m. to 6:00 a.m.

The contractor, Alfred Beam Excavating Ltd., anticipates three (3) nights to complete the works (October 7 – October 9). Roads will be re-opened each morning.

During the intersection closure, local traffic will be accommodated up to the closure, but no through traffic will be permitted. Detour routes will be in place to guide vehicles around the closure.

Soil receiving sites are closed at night, so we will be temporarily stockpiling excavated material in the Lions Pool parking lot. Nearby residents may experience construction noise overnight when excavated material is deposited via dump truck at this location. We will make best efforts to minimize the noise, and we appreciate your patience and understanding as we progress through this stage of the project.

Contractor Emergency contact number is 905-658-8075

Residents and businesses are encouraged to subscribe to the project page at **www.letstalkgrimsby.ca/dr-construction** to receive ongoing updates, and to learn more about Phase 1 and Phase 2 of this vital project.

Should you have any questions or require further clarification, please contact our project email DTreimagined@grimsby.ca.

Sincerely,

Martin Reid
