

BUSINESS BANKING THAT'S BUILT AROUND YOU

Become a Meridian Business Member without leaving the office

- Small businesses that operate in Ontario can easily open Meridian business chequing accounts online, with no branch visit necessary
- To open online, you must be a sole proprietor or a single-owner corporation, and a Canadian resident over the age of 19

Full-service digital banking, with all the personal support you need

Meridian's Business Online Banking makes it easy to manage all of your financial needs. From paying bills and taxes to transferring funds, viewing transaction histories, depositing cheques, and setting up user access, we make it simple and ensure that personal support is always close at hand.

Manage money with reduced paperwork and leg work

- Access your account information and complete transactions without a branch visit
- Transfer funds and pay bills and taxes with just a couple of clicks
- Make electronic vendor payments using AFT and reduce the need to prepare, process, and reconcile cheques
- Send wire transfers online, saving on time and fees

Control account access with confidence

- Connect and access multiple businesses with one login
- Choose single or dual signer requirement for account access
- Designate unlimited administrators and users and set user transaction limits
- Assign individual user limits and permissions to some or all accounts and features

Along with representatives available through our Contact Centre, Meridian's dedicated team of Virtual Small Business Advisors is always ready to offer tailored assistance to address your business needs.

Improve oversight and accounting processes

- View your full transaction history
- Make multiple payments or transfers in minutes
- Stop payments with the click of a mouse
- View cheque images for easy reconciliation

Stay secure with Two-factor Authentication

- Bank confidently knowing that Meridian Business Online Banking uses the Twilio Authy 2-Factor Authentication app
- Automatically verify the user when sending Interac e-Transfers
- Please note that the app must be downloaded on the user's device

Do more, faster, with Interac e-Transfer® for business

Interac e-Transfer makes it possible to send, request, and receive money quickly. It's a simple way to put money to work right away and streamline cash flow.

- All you need is a recipient's mobile number, email, or account information
- Send and receive payments in real-time with immediate confirmation
- Simplify invoicing and receive funds in real-time to control cashflow
- Set up Autodeposit to route e-Transfers directly into your business account

When business grows, your banking tools keep pace

As operations become more complex, Meridian Business Online Banking becomes even more beneficial, empowering you to:

- Search, view, and print transactions and balances for easy reconciliation
- Monitor cash flow and manage your daily cash position to maximize capital resources
- Transfer funds between accounts and related companies in real-time, even across currencies
- Export balance, transaction, and payment details to use with Quicken, Microsoft Money, Comma Delimited Text (Excel), QuickBooks, and PDF
- Use audit trails to monitor user activity and adhere to corporate controls and bylaws
- Easily make online wire transfers within Canada and the U.S., with lower fees compared to in-branch wire transfers
- Deposit cheques remotely using your mobile device

Do good business anywhere, anytime, with Meridian Business Banking
