

Smart Manufacturing Research Experiences for Undergraduates (SMREU) June 14 – August 13, 2021

Current undergraduates in STEM majors can gain paid research experience in smart manufacturing at Drexel University.

In 2021, SMREU will be offered on-campus, if the COVID-19 pandemic permits. Otherwise, SMREU will be offered remotely.

Students will receive:

- **9 weeks of research training**
- **Professional development opportunities**
- **Free housing on Drexel's campus (*if on-campus*)**
- **Total stipend of \$5,500**

Who may apply?

- Current BS, BA, AS or AA students in engineering, physics, chemistry, computing, or related disciplines
- Citizens and permanent residents of the U.S.

sm-reu@drexel.edu

**Rolling application
through March 30, 2021**
