

EPP Instructions to Issue a Probationary Certificate authorized by Emergency Waivers

These instructions provide the educator preparation program (EPP) Certification Officer instructions for recommending a Probationary (PRO) certificate for a candidate who has not passed the required tests. This certification route is available due to waivers issued by Governor Abbott related to the statewide disaster declaration. Please see the waiver description and FAQ document for a summary of what candidates are eligible for certification under this waiver.

This process should only be used for candidates who have not been able to pass required exams for a Standard certificate or Probationary certificate due to testing limitations caused by COVID 19 restrictions.

Requirements

1. The candidate must be eligible for the certificate except for passing the required exams. See certification requirements in [19 TAC Chapter 230](#).
2. The candidate must apply for the Probationary certificate designating a) the route in which he/she was prepared ("University-based" if Undergraduate or Post-Bac; "Alternative" if university-based ACP or non-university ACP); and b) the name of the EPP that prepared him/her.
3. The candidate must pay the application fee and must pay for and complete fingerprinting (if fingerprints were not completed at a previous time).
4. The EPP must identify the candidate as a program Finisher on the Finisher Records List in ECOS. EPPs must update the Finisher Records List for these candidates. For step by step instructions about updating the Finisher Records list, please see the [Data Reporting Manual](#).
5. The EPP must provide relevant information for candidates recommended for these special certificates on the **Probationary Certificates Recommended under Governor Waiver** spreadsheet provided by TEA. This form will be emailed to programs prior to May 15, 2020.
6. The EPP must recommend the certificate in ECOS (instructions below).

Step 6: Complete internship information fields

Since this certificate is being provided for candidates who have already successfully completed an internship or clinical teaching, they will not be completing an internship associated with this probationary certificate. However, ECOS requires some fields to be completed.

- A) Select the Internship Assignment. Use the drop-down to select by District Code and choose "000005 (TEA Cohort 2020)". **Note: All probationary certificates recommended under the waiver must have the Internship Assignment identified as "000005 (TEA Cohort 2020)". Do not use this Internship Assignment option for any other certificate recommendations.**
- B) Select the Internship Begin Date as the date of the Recommendation. Begin dates will fall within the range of 5/15/2020 – 6/15/2020.
- C) Select the Low Grade as the lowest grade in the grade band of the certificate being recommended. Select the High Grade as the highest grade in the grade band of the certificate being recommended.

Example: Science 7-12
Example: Core Subjects EC-6

Low Grade = 7
Low Grade = EC

High Grade = 12
High Grade = 6
- D) If the candidate is seeking certification in an area that requires licensure and work experience, complete the Career and Technical Education Work Approvals area using information from the candidate's Statement of Qualifications (SOQ).
- E) Check the box "Eligible for Intensive Pre-Service". **Checking this box is what allows the certificate to issue without the required tests passed. This option will only be available for certificate issuance from 5/15/2020 – 6/15/2020.**
- F) Click "Recommend"

The screenshot shows the 'Internship Assignment' form in ECOS. Red arrows point to the following fields:

I, Lorrie Ayers, affirm that the applicant has fulfilled all requirements for the certificate(s) including a passing score on each required exam in alignment with 19 TAC §230.37(f)."

OKCancel

Step 8: Confirm Recommendation

Check to make sure the certificate issued. Recommended certificates should issue immediately with a status of "Certified" if fees are paid and if fingerprints are complete. If one of those pieces is missing, the recommendation will show as "Recommended." Note: The virtual certificate accessed via Certificate Lookup does not update immediately. It could take up to an hour before the certificate shows on the Virtual Certificate.

Email Information

The candidate will receive the following automatically generated emails:

- Notification that the application is submitted successfully
- Information about fingerprinting
- Notification that the certificate has been recommended by the EPP
- Notification that the certificate has issued.

An EPP may opt to receive a copy of emails sent to their candidates. If you wish, you may enable this optional feature by completing the following steps:

1. Select User Profile from the options on the Main Menu at left.
2. In the pop-up box, complete the phone number (required) and check the “Send Copy of all System Sent Emails to me” box.
3. Click Save.

The screenshot shows a web application interface. The 'User Profile' item is highlighted. To the right of the sidebar is a light green box titled 'Your Profile'. Inside this box, there are two lines of text: '** Name: Lorrie Ayers' and '** Email: lorrie.ayers@tea.state.tx.us'. Below these are two rows of input fields for phone and fax numbers, each with a required field asterisk and an 'ext:' label. A checkbox labeled 'Send Copy of all System Sent Emails to me' is located below the number fields. A red arrow points from the 'User Profile' menu item to the 'Your Profile' box. Another red arrow points from the 'Send Copy of all System Sent Emails to me' checkbox to the left. Below the checkbox is a 'Save' button. At the bottom of the box, there are two lines of text: '*Required Fields' and '**Name and email can only be changed through TEA Login'.

Additional Notes

- The PRO certificate will be valid for one calendar year.
- The EPP may recommend the certificate ONLY in the certificate area(s) in which the candidate was prepared by the EPP.
- The certificate will qualify teachers to serve as a classroom teacher in an assignment as identified in the [Teacher Assignment Chart](#). For non-teacher education professionals, the certificate will qualify the candidate for a position in the certified role.
- The holder of the PRO certificate must meet requirements in 19 TAC Chapter 153, Subchapter CC (regarding Creditable Years of Service) to qualify for a year of service.
- Field supervision by the EPP is not required if the holder of the PRO certificate has completed requirements with the EPP and was designated as a Finisher on the Finisher Records List in ECOS prior to issuance of the PRO. The EPP will not be required to upload observations in ECOS for that individual.
- Candidates who have met the requirements for a normal probationary certificate – not issued under the Governor’s waiver – are required to complete the necessary testing requirements. EPPs are required to provide internship support, including field supervision, for these candidates.

The PRO certificate issued under the Governor’s waiver are valid for one year and will not be renewed. Candidates who have not completed testing requirements for certification will not qualify for an additional PRO certificate. EPPs must work with candidates to provide necessary test recommendations.
