The Benchmark Transitions® Young Adult Program

Benchmark Transitions® is Southern California's premier residential and extended care treatment program, specifically designed to assist older teens and young adults attain sobriety, achieve emotional balance and gain independent living skills. We offer a full continuum of care, providing primary treatment, detox, day treatment (PHP), intensive outpatient treatment (IOP) and extended care with structured transitional and sober living.

Beginning with primary care and transitioning through the stepdown process, clients' needs are answered during every step of their program. Our extended care for young adults has over 23 years' experience in assisting young men and women exiting other treatment and wilderness therapy programs, hospitalization & stabilization units, and for adolescents aging out of therapeutic boarding schools.

Benchmark is also an ideal option for young men and women who are struggling with emerging adulthood. Additionally, we offer assistance through an accredited high school and provide academic support for clients who want to complete their education or pursue their career and college goals.

Regardless of the level of care needed, or whether the main issue is substance abuse or behavioral health, Benchmark will customize and individualize a program suitable for each young adult client's needs.

We'll assess your needs ... and get you where you need to be.

Our full range of treatment programs include Detoxification, Primary Residential Treatment, Extended Care, Transitional Living and Independent Living. While each young adult may have a unique entry point in our program, we strive for the same exit point – young adults with the skills to maintain their well-being and live independently!

YOUNG ADULT DETOXIFICATION

Providing a fresh start

Detoxing with Benchmark is more comfortable in our home-like and peer group supportive living environment with trained and experienced staff.

PRIMARY RESIDENTIAL

All the comforts of home

Discover our primary residential treatment for young adults and their families! Wildwood Canyon – young adult men's primary rehab, and Panorama Ridge – young adult women's primary rehab.

EXTENDED CARE

Getting on the right track

We provide a step-down transition program for clients completing our residential programs at Wildwood Canyon and Panorama Ridge, well as for young adults transferring from other primary treatment programs.

TRANSITIONAL LIVING

A bridge to the new you

Benchmark's Transitional Living program is unique in the industry, providing the comprehensive clinical support, life skills, education and vocational guidance to help gain a new foothold in life.

INDEPENDENT LIVING

Moving to independence

Benchmark provides a structured sober independent living environment for young adults as they transition out of Benchmark's Residential and Transitional Living Extended Care programs.

Our young adults gain the life skills they need to make it on their own. Call us today for an individualized assessment:

Enrollment

Year round rolling admissions; revolving curriculum, clients can enroll at any point throughout the year; Programs are individualized to meet each client's unique needs. Length of stay can vary from 30 days to 2 years, depending upon need. Serving young adult men and women, ages 18-28.

Financial Information and Assistance

Benchmark Transitions® is one of the only therapeutic residential and transitional living programs that accepts insurance! We can assist with answers regarding insurance claims, insurance verification, financial eligibility and other funding arrangements.

Location

Nestled in the historic communities of Redlands and Yucaipa, CA, approximately 60 miles East of Los Angeles (LAX), 60 miles North East of Newport Beach (SNA) and at the foot of the San Gorgonio Mountains, we are centrally located near the mountain resorts, deserts of Palm Springs and the Joshua Tree National Monument, as well as close to the Pacific beaches of Southern California. Our location provides multiple recreational opportunities close to educational, vocational & cultural opportunities that lend to the community-based learning situations, allowing our participants to gain a foot-hold on their own independent living.

Redlands is known as the "Big Town with a Small Town feel," and is filled with tree-lined streets, historic Victorian homes and our industry is based primarily upon its citrus growth and environmental services. The Oak Glen community of Yucaipa, where our residential programs reside, is a beautiful serene rural setting, ideal for the first steps in recovery.
