

How will we pay for this?

At Benchmark Transitions®, we understand that you may be feeling overwhelmed and apprehensive about the challenge of funding treatment. Many families have already invested considerable financial resources for their young adult son or daughter in previous treatment modalities such as detox and primary rehab, hospitalizations, therapeutic boarding schools and wilderness therapy programs, while many others have paid for college, as well.

At this point in your life, you have likely spent way more than you ever thought would be necessary to raise your child successfully. Now, you are considering the most important step in your son or daughter's treatment, with Benchmark Transitions®.

Utilizing Insurance? Assessing Your Insurance Benefits is Easy!

Benchmark Transitions® is a licensed residential substance abuse and co-occurring diagnoses treatment program with licensure and certification through the State of California Department of Health Care Services for Residential Detoxification, Primary Residential Treatment, Day Treatment (PHP) and Intensive Outpatient (IOP) level of care services, in addition to our structured transitional living sober environment housing.

Accessing your insurance benefits for Benchmark's Recovery and Aftercare or Behavioral Health programs can help with the financial challenges of paying for treatment. Our team of experienced professionals can put you at ease to ensure a smooth process in determining insurance benefit eligibility. Insurance companies and plans vary and the process can often be complicated. We will work with your insurance company to ensure the care needed is provided and to continue to provide medically necessary utilization review, to ensure a continuum of quality care.

Benchmark Transitions® will work with most private PPO insurance companies and is in network with these plans!

Verify Your Insurance Benefits Today!

The Benchmark Transitions® Admissions Department is dedicated to helping you navigate the process of finding the best funding option for you.

Please complete the information requested below and fax to **909-793-4499** or email to admissions@benchmarkyas.com, via our secure servers. If you have any questions, please call our admissions department at **800-474-4848 x 1**.

Understanding Your Insurance Benefits

Your insurance carrier may require reviews of your son or daughter's medical records during his or her enrollment at Benchmark Transitions®. If they determine medical necessity is present for continued care, a certification of length of stay days will be given. Rarely will a plan approve for the entire stay upon admission. Benchmark Transitions® will continue to work with your insurance plan to review and participate in utilization review, the process to determine what the insurance plan will pay. Benchmark Transitions® has no control over these reviews and subsequent approvals, nor do we guarantee payment by your insurance provider upon billing. Feel free to contact your HR department or insurance broker for detailed questions about your plan benefits.

By providing this information, you are authorizing us to contact your insurance company for verification of benefits and pre-determination of benefits via this method. Your privacy is important to us and the above information will be used only to provide you with information about treatment options.

For Financing please [click here](#) or call 800-728-9585

Private Pay Options Available

Benchmark Transitions® cannot hold your insurance provider responsible for the payment of fees. Your policy is a contract between you and the insurance company. Benchmark Transitions® contracts with you upon admissions. When you sign our financial agreement, it obligates you to pay for the services rendered.

If your insurance company does not cover all of your treatment costs at Benchmark, or if you are opting for private pay, Benchmark will negotiate the out of pocket fees with you.

Please call our Admissions department at **800-474-4848 x 1** for details.
