CDI CONTRACTORS

Please join us for an in person tour of the new Pinnacle Mountain State Park Visitor Center with Central Arkansas AIA on May 18, 2023 at 12 PM. The new Visitor Center is located on the lower west side of Pinnacle mountain, and aims to weave through the trees as a structured, undulated canopy, lightly rooted into the sloping site and forming a gateway to not only Pinnacle Mountain, but all of State Parks.

**DIRECTIONS:** As you are traveling North along Highway 300 on the West side of Pinnacle Mountain you will continue past the West Summit Access Road to the construction entrance gate. The gate is .2 miles down the road on the right. Parking is limited and we highly encourage carpooling. Please bring hard hats and safety vests.
