

Dear Friends,

Another year has passed since our 2024 Autumn Gala, and we have so much to celebrate as we reflect on God's faithfulness, provision, and guidance. It was a privilege to report many of the goals shared last year have now become realities.

One of the most powerful and uncomfortable moments came as we demonstrated how easily a **medical abortion** can be ordered online—the flawed systems that allows for misinformation; intentional or not. It was a sobering reminder of the importance of the work God has called us to do, and the **roadblocks Alternatives** has to helping women who have begun this process.

We invite you to **watch our Autumn Gala video**, where you'll not only hear this important story but also be encouraged by many others that testify to God's continued work through our ministry. In the video, you will:

- Hear Sherise, our Kalamazoo Center Director, share about our new **24/7 online nurse chat**—a goal introduced at the 2024 gala that is now fully operational and already bearing fruit. This service ensures we are available whenever the need arises. Sign up to be a **Life Prayer Partner** to pray for immediate needs for our clients.
- Learn about our new college outreach ministry, **Rise Up!**—a movement dedicated to make new culture on campus and revitalize God's design for love, sex, and healthy relationships.
- Be encouraged as Brittany shares from our education outreach; how our **Sexual Risk Avoidance** instruction opportunities continue to grow—reaching not only **middle and high schools,** but also community organizations like the **Kalamazoo Juvenile Detention Center**. Listen as Sue, our **Parenting 101** instructor, shares how God is using her to make a difference in the **Calhoun County Jail and Kalamazoo Gospel Ministries**.
- Celebrate with Monaya, our Battle Creek Center Director, as she tells the story of how God provided a **new home** for our **Battle Creek Center** at 215 E. Roosevelt Street. Rejoice in the impact of our new **Faithful Fatherhood** program that is already strengthening families.
- Learn how you can help as we prepare to offer potentially **life-saving assistance** to women who have begun the medical abortion process through **Abortion Pill Reversal.**
- Hear how our **staffing needs** are paramount to reaching more youth, saving babies, and providing hope to mothers. Help us spread the word!
- Be inspired by a story that challenges us to go against the tide of culture—to **act courageously** rather than remain bystanders in the face of difficult truths. **You are needed!**

"The harvest is plentiful, but the laborers are few; therefore pray earnestly to the Lord of the harvest to send out laborers into His harvest." — Matthew 9:37–38

Please respond today with a pledge of partnership with Alternatives. Now, more than ever, we need you!

Serving Him together,
