

CITY OF CASA GRANDE COMMUNITY SERVICES DEPARTMENT

1905 N. Peart Rd, Casa Grande, Arizona 85122 | (520) 421-8677

The (City) of Casa Grande has decided to Come Back Smart by following CDC guidelines and taking a cautious, measured approach to opening every facility. In keeping the safety of our citizens at the forefront and with physical distancing recommendations still in place, the City has decided not to reopen Little League and Paul Mason fields at this time.

The City is monitoring information from many sources while considering decisions such as this. The Arizona Interscholastic Association, NCAA and other similar sports organizations are still working on regulations for holding games, competitions and tournaments. The City looks for guidance from these types organizations to assist with Casa Grande reopening plans.

At this time, practices with groups of ten or less are allowed in our parks system. Teams and coaches should look to maintain physical distancing at all times. Parents or coaches that have specific questions regarding youth sports practices should refer to the Governor's Guidance for Organized Youth Activities here:

https://azgovernor.gov/sites/default/files/guidance_for_organized_youth_events.pdf

The City of Casa Grande's Parks and Recreation office is not taking reservations for field rentals at this time. O'Neil Park and Kiwanis Field have ball fields that can be used on a first-come basis for baseball and softball. Multi-purpose fields for soccer, football or general sports are also available at Carr McNatt, Dave White and other open spaces throughout the parks system. The open space at Villago Park is closed, however, for turf renovation.

For more information about the activities and programs available in Casa Grande, follow Casa Grande Parks and Recreation on social media [Facebook/CGParksRec](#) and [Instagram @CGParksRec](#)
