

**How long I've been a League member and League involvement:**

I have been with the league for three years and am currently co-President of Downers Grove/Woodridge/Lisle.

**Professional info:**

Retired educator now working for McCormick Foundation with the Democracy Schools Initiative.

**Why I'm excited to join the state League:**

Our time is now! The current political climate is in desperate need of open minds, engaged hearts and informed action. I'm so convinced that this organization has the energy, resources, thoughtfulness and dedication to really make a difference. It is an honor to be on this Board--a group of people who are as talented as they are passionate about our mission.
