ABOUT THE FESTIVAL

The High on Ice Winter Festival is an annual celebration held in Fort St. John over the BC Family Day long weekend. The festival features a variety of winter-themed events with the highlight being the professional ice carving and ice slides!

Each year, people from all over the Peace Region come to see the ice sculptures, take in the events, and embrace winter!

This event requires many resources to be successful. The City of Fort St. John works with a variety of community partners and sponsors to ensure that our citizens can take full advantage of northern living!

How can your business help? Your support will be used to enhance the festival that showcases Fort St. John as a winter city. Whether you choose a cash or in-kind option, you can show our community (and our tourists) just how much you care by contributing to our City's signature "Frostrival"! Non-profit organizations are also welcome to contribute by running activities during the event.

In 2019, the event will be held from February 15-17 and will feature a Mukluk Rendezvous theme. This theme was selected to celebrate the historic celebration of winter in the Peace Region.
