

ToxTracker Practical Workshop Agenda

Thursday, August 15, 2024

Time	Activity
8:30am - 9:00am*	Welcome / Introductions
9:00am - 9:45am*	Introduction to ToxTracker - Carlos Rodriguez, Institute for In Vitro Science An introduction to ToxTracker's novel cell lines with emphasis on assay operations
9:45am - 12:00pm	Workshop - ToxTracker Assay and ACE: Exposure ToxTrackerACE – Exposure at the bench, in groups
12:00pm - 1:00pm	Lunch / Break
1:00pm - 1:45pm*	ToxTracker Application Case Study - Stephanie Kellum, Corteva Agriscience Companies share their experience implenting ToxTracker results for safety decisions
1:45pm - 4:15pm	Workshop - ToxTracker Assay and ACE: Harvest and Measure ToxTracker ACE: Harvest and Data Acquisition, in groups
4:15pm - 5:00pm*	Discussion / Q&A
5:00pm - 7:30pm	Dinner

Friday, August 16, 2024

Time	Activity
9:00am - 10:00am*	Data Analysis and Interpretation - Vivek Patel, Institute for In Vitro Sciences ToxTrackerACE data handling, assay acceptance, and positive response criteria
10:00am - 10:45am*	ToxTracker Application Case Study - Ashley Allemang & Stefan Pfuhler, Procter and Gamble Companies share their experience implenting ToxTracker results for safety decisions
10:45am - 11:30am*	Application and Regulatory Acceptance - Dan Roberts, Toxys Inc Integration of ToxTracker into testing paradigms, screening vs regulatory use, OECD validation update
11:30am - 12:00pm*	Q&A, Discussion / Wrap up

*Virtual Participation available
