SEPTEMBER 21, 2024

MEYDENBAUER CENTER | BELLEVUE, WA

join us in celebrating lives saved and families made whole through the work of Saving Great Animals!

Each year, hundreds of dogs depend on us to help them towards a positve outcome. Our unique approach, focusing on three pillars (dogs, fosters, and adopters) helps ensure we place the *right* dog in the *right* home. From carefully cultivated training programs to specialty medical care, we strive to provide each dog in our care with the best chance of living their best life. We can't do any of it without the support of people like you!

We hope to see you there for an incredible evening of fun, philanthropy, and pups!
