**THURSDAY, OCTOBER 12, 2017
PARENT ADVISORY CIRCLE**

The District Parent Advisory Circle is an opportunity for parents and community members to meet with district leadership and provide feedback regarding a variety of topics (e.g., budgeting, technology, instruction, facility usage, enrollment, strategic planning, and program development).

Held four times a year, the meeting begins with the superintendent (or designee) sharing information regarding a topic. After the presentation, there will be informal circle discussions to gather feedback, ideas, and reflections.
