

AT-A-GLANCE GROWER'S NOTES FALL 2021

What's New?

A new greenhouse is being built for Indoor Foliage! We will be growing more tropical shade/indoor plants faster once it's complete!

Fall Faves Ready By:

**A crop of Sunpatiens by the 1st week of October,
Geraniums by mid-October!**

What's growing now?

Crossandra, Salvias, Coleus, Angelonia & Celosia. They will be moving from the field to the garden center by mid-September!

Veggies Ready:

**First Crop of tomatoes and peppers around the middle of October.
Veggie 4-packs to follow by the end of October
Herbs around the end of September!**

What's Exciting?

Marimums! Marvin found these when he and Terri were out West. They are bright orange and yellow, like mums with the longer-lasting magic of marigolds. Perfect for Fall!
